# Earth Day!

Happy Earth Day from Clarington Museums and Archives! Take some time to appreciate this beautiful planet we call home. Pictured here are Mr. Jury and his grandsons enjoying some time in nature.

We think that this picture needs some to colour to brighten it up! Find your best pencil crayons, markers, or other art supplies, and have a fun adding your creative touch.

Want to keep the fun going? Flip this page over to colour the home and gardens of the Jury family, Waverley Place!

Share your completed pictures with us on social media! Have fun!
